

9th November 2016

Dear Parents/Carers

Year 5 Trip to Winchester Science Centre— Monday 4th December 2017

We will be visiting Intech in Winchester to enhance the students' understanding of how science affects our lives. Intech is a hands-on, interactive science centre with the largest capacity planetarium in the U K. The students will be able to try lots of different experiments and experience a journey through space in the planetarium.

To make the most of this opportunity, we will be leaving school after registration on Monday 4th December and returning around 4.00pm, traffic permitting.

Please provide your child with a healthy packed lunch and a mid-morning snack. They will also need enough drinks for the day (not fizzy). If your child has free school meals, this will be ordered from the canteen. Please do not allow your child to have lots of sugary food as they have a coach journey at the beginning and end of the day. If your child suffers from travel sickness, please can you give them a tablet before the journey and one to take for the return journey.

Your child does not need to wear school uniform; comfortable clothing and footwear should be worn as they will be trying out different experiments. All the activities are indoors.

Your child may wish to buy a small souvenir from the gift shop; £5-£10 would be ample.

This will be a fantastic day out and we expect excellent behaviour from our students. If you have any questions about this trip please contact me. Please complete attached permission slip and return to the office as soon as possible.

Yours Faithfully

Mrs Phillips

Year 5 Trip to Winchester Intech and Planetarium --- Monday 4th December 2017

Please complete this information and return to school by **Thursday 23rd November** with **trip payment**

Name of child _____ Contact number for 4/12/2017 _____
