## Why join a singing group?

Being in a singing group is one of the best things to improve mental health. It allows students to develop their confidence, meet new people while also improving their fundamental singing skills in a friendly and fun environment. The years of middle school are such a crucial time to encourage young people to keep singing and my aims for this singing group is to provide them with them with an environment where they're encouraged to break out of their shells and find enjoyment in performing alongside others.

- Build confidence
- Meet new people
- Improve vocal technique
- Performance opportunities

## Introduction

Hi! My name's Charlotte Geary and I'm a local singer-songwriter. I regularly perform paid gigs on weekends from pub venues, to weddings and summer festivals while also writing and recording my own songs. I currently teach vocal lessons and have recently been assistant music director for a local school's production of 'Matilda Jr.' I have also been directing the pop singing group 'Vocal Jam' at Ferndown Upper School for the past year. I am so excited to be starting up a new singing group at West Moors Middle School in an attempt to inspire young children and help them develop both their voices and their confidence during this crucial time in their middle school years!
