

Food Technology Allergy letter
13/11/2019

Dear Parent /Carer,

I am writing to inform you that during this academic year 2019/2020 students will have the opportunity to sample some cooking lessons in small groups. This includes the handling, preparation and cooking of ingredients. In order to make appropriate provision for your child, it is essential that the school is made aware of any allergies, food intolerances or special diets/requirements that your child has.

You will need to provide the ingredients for cooking lessons but further information about this will be given nearer the time.

Please could you complete, sign and return the reply slip below and return by Friday 22nd November 2019. **We regret that students who do not return their slips by the start of their food lessons will not be allowed to participate in certain aspects of their Food Technology lessons due to 'health and safety' implications.**

Thank you for all your support.

Yours faithfully,

Mrs Izzard

Cookery teacher
