

29th April 2020

Dear Parents,

Thank you so much for all your hard work and dedication over the past few weeks, supporting your children's learning during this very challenging time. Juggling work, child care and home learning has meant many changes for all of us, so that we can all be healthy, stay safe and make sure our children are continuing to learn.

We hope that the resources on the school website, regular phone calls and responsive support from the staff team have helped you and your child to navigate this unprecedented time.

The staff team have been working hard, planning work that can be accessed online and getting to grips with a range of new technology to help us support your child's learning at home and we would like your feedback on how we are doing.

We are looking for ways in which we can continue to improve our online provision and would be extremely grateful if you would share your thoughts and suggestions with us through the attached survey. Please click on the link below
