

SUMMER Home Learning

Hello, my name is Count DÉR and I am the new Maths Lead at West Moors Middle School. To help your child continue their home learning over the summer holidays we have registered your child on the Maths Watch website. The hope is that your child does just one task a week (you could complete this in one go or split up to smaller chunks, it is completely up to you)

HOW TO USE THE LESSONS

Just follow this easy step...

First things first, let's log in

Please navigate to vle.mathswatch.co.uk using your preferred browser (we do recommend Google Chrome but IE, Safari and others should work just as well).

You will be presented with this login page:

A screenshot of the MathsWatch login page. It features a blue header with the MathsWatch logo. Below the header is a white login form with a blue 'Login' button. The form has fields for 'Username' and 'Password', and a 'View Demo' button.

Your username and password will be the same as the one used to access home learning.

That's it, you are now ready to work . . .

**ANY PROBLEMS THEN PLEASE EMAIL ME AT:
ADer@westmoorsmid.dorset.sch.uk**

My advice to you is just do the best you can, if you are struggling with your work, don't panic, just do what you can and it will be ok, the most important thing is to try your best.

Assigned tasks

After a successful log in, you are always presented with your "My Work" section.

"Mathematical Notations" is due in 1 day. [click here to complete](#)

Please check your assignments below; you have 1 unread message

Assigned Work

This Year's Work All Work Showing All Types ▾ Homework Average 97.3% Test Average

Title	Type	Assigned	Due	Marks	%
Reading Scales	HW	29/09/2017	06/10/2017		
Mathematical Notations	TEST	25/09/2017	05/10/2017		
Ordering Numbers	HW	22/09/2017	29/09/2017	24/26	92%
Place Value	HW	15/09/2017	22/09/2017	11/11	100%
Pythagoras	HW	26/07/2017	09/09/2017	34/34	100%

Here you can see the list of tasks assigned to you by your teacher along with their due date.

You can see the scores of assignments you have already completed.

Your teacher is able to leave feedback to help with some of the questions you found challenging. You can even respond and request more help if needed.

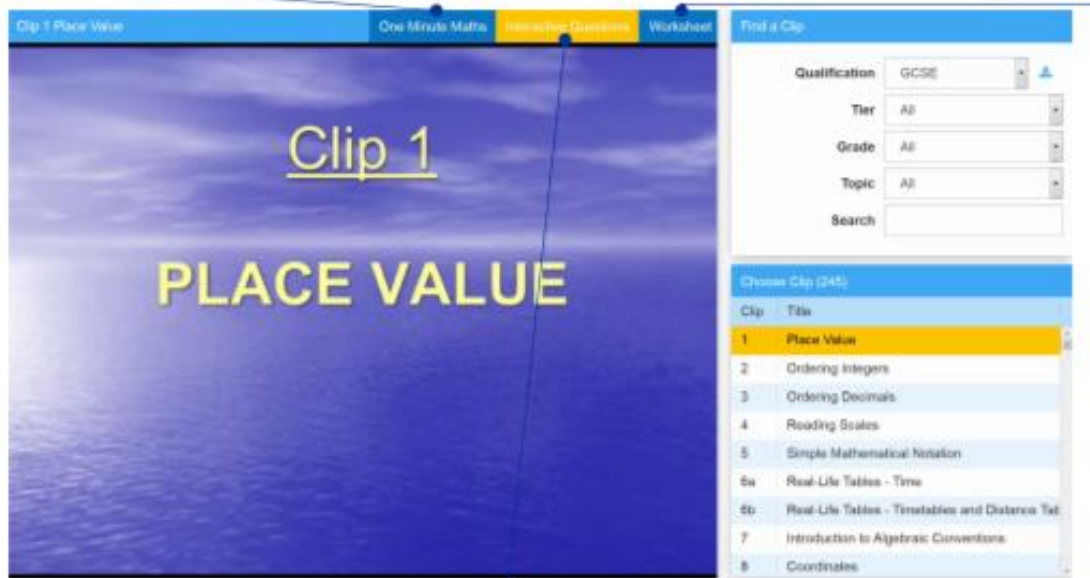

Finally, you will also be reminded of any tasks still due by colour-coded banners.

You just have to click on a task to open it.

Working independently

The "Videos" section gives access to lessons covering your curriculum.

Each lesson comes in two versions (GCSE only). A full-length explanation video and a One-Minute version ideal for quick revision.

The screenshot displays a user interface for a learning management system. At the top, there is a navigation bar with tabs for "Clip 1 Place Value", "One Minute Maths", "Interactive Questions", and "Worksheet". The main content area is a video player showing a blue background with the text "Clip 1" and "PLACE VALUE" in large yellow letters. To the right of the video player is a sidebar titled "Find a Clip" with search filters for Qualification (GCSE), Tier (A1), Grade (A1), and Topic (A1). Below the filters is a "Choose Clip (245)" section with a list of clips, where the first clip, "1 Place Value", is highlighted in yellow.

You also get access to a bank of interactive questions allowing you to test your newly acquired skills with real exam-type questions. With immediate feedback and the ability to even mark your working when needed, our system is the only one of its kind. You will get a realistic experience of what answering all types of exam questions is really like.
