

West Moors Middle School

Equality Objectives

As required by our Single Equality Policy we list below our equality objectives:

- On a regular basis (at least twice a year) we will analyse curriculum performance outcomes of:
 - both genders;
 - potentially vulnerable groups;
 - minority ethnic groups.
- We will make relevant adjustments in response to our analysis.
- We will analyse extra-curricular activities in terms of participation by members of the above groups and make relevant adjustments in response to our analysis.
- As we systematically review school policies and will conduct an equality impact assessment.
- We are committed to ensuring that all pupils have the opportunity to study cultures other than their own.
- We will draw up an Accessibility Plan every three years and review annually. This will include improving physical access, curriculum access and delivery of written information. Copies of the Accessibility Plan will be made available online.
