

September 2018

Dear Parents/Carers

**Re. Design and Technology (D&T)**

We are delighted to inform you that D&T is back on the curriculum at West Moors Middle School. We are very excited to start making products that both you and your children will be able to use and enjoy. In addition, they will be developing key life skills.

So as to give the children the best possible experience within D&T, we would like to ask for your assistance.

**Food**

When your child is participating within Food Technology, where possible, we will be asking your child to **bring in their own ingredients**. Your child will also need to bring in a container to take what they cook home ie: plastic box, cake tin etc.

We also need to be advised of food allergy information ASAP otherwise children cannot cook. A separate letter will have been given out to children for you to sign and return.

**Textiles and Resistant Materials**

Within Textiles and Resistant Materials, we would like your child to have the opportunity to make products that they will value as well as develop skills for life. In order for this to happen, we would like to ask for a **small voluntary contribution** at the start of each school year of £10.00. Please send in to the school office with the slip below.

We look forward to working with your children within these areas and uncovering hidden talents!

Thank you so much for your continued support and cooperation.

Kind Regards

WMMS D&T Team

---

**D&T Contribution**

I enclose a voluntary contribution of £10.00 cash / cheque towards Design and Technology projects

Child's name .....

Tutor group .....

Parents signature.....
